---	---

In response to a number of representations the Parish Council is considering commissioning a feasibility study into the provision of an outdoor play area with equipment for children up to 12 years of age and outdoor fitness equipment suitable for teenage and adult use at Petty Acre, Derry Hill. The aim of this project is to enhance the facilities available to the community and promote the benefits of outdoor play and exercise whilst enhancing the area as a desirable place to live. Details are on the Parish Council website.

The council recognises there will be a range of community views about the provision of such a facility, particularly from those residents directly adjacent to Petty Acre. Therefore, before committing to the cost of the necessary feasibility study to inform any decision, the Council considers it appropriate to embark upon a community consultation about the proposal.

Could you please answer the following survey, either on-line using the QR code overleaf or at <https://bit.ly/CalneWithoutSurvey>. Alternately, you can return your completed form to the Parish Clerk, or your local councillor, at the addresses at the foot of the form. The closing date for responses is **Friday 8th January 2021**.

The details you provide will not be shared outside the council although the results of the survey will be summarised and published.

Key criteria in assessing whether or not to proceed with the feasibility study will be the overall response rate, the level of support and location of such support and the willingness of the community to be involved in delivery of the project. Your councillor would be happy to speak with you directly about the proposal if you wish.

Q1: Do you support the proposal that Calne Without Parish Council commission a feasibility study into the provision of a children's playground with equipment for children up to 12 years of age and outdoor gymnasium equipment suitable for teenagers and adults at Petty Acre, Derry Hill.

A1: YES

NO (please ring answer)

CALNE WITHOUT PARISH COUNCIL- COMMUNITY CONSULTATION

PROVISION OF CHILDREN'S PLAYGROUND WITH EQUIPMENT AND OUTDOOR GYMNASIUM EQUIPMENT AT PETTY ACRE, DERRY HILL

Q2: If you do not support the proposal could you briefly explain why?

A2:

useful to the Council in reaching a decision about conducting the proposed feasibility study):

or concern about the proposal.

You can fill in the survey online using this QR code:

Using an **iPhone** here's how to scan a QR code:

- **Open the Camera app** from the Home screen, Control Centre or Lock screen.
- Select the **rear facing camera**.
- Hold your device so that the **QR code appears in the viewfinder** in the Camera app. Your device recognises the QR code and shows a notification at the top of the screen.
- **Tap the notification** to open the link associated with the QR code.

If you're running **Android 8** or later, you can scan a QR code by **long-pressing** the home button and selecting Lens. Then point your camera at the QR code, tap the magnifying glass icon, and tap the pop-up notification.

Press and hold the **home button**. Then tap **Lens**. This is the circle surrounded by lines to the left of the four coloured buttons at the bottom of your screen.

Note: A prompt will appear if it's your first time to use this feature. If it does, simply choose Allow. If you don't have Google Assistant on your Android, you can download the Google Lens app from the Google Play Store.

Point your camera at the QR code. You don't have to fill the entire screen, but make sure that all four corners of the QR code are in view.

Then **tap the magnifying glass icon** to scan the QR code. You can find this at the bottom of your screen. Finally, tap the pop-up notification. You will then be directed to the information or action embedded in the QR code. This could open a webpage, open the Google Play Store, save a contact, and more.
